City Council

City Oval improvements

Creating better access for all visitors

We are completing the final portion of the City Oval Landscaping improvements. The earlier stages of these works started in 2015. Council endorsed the Precinct Master Plan for City Oval in 2014, with community consultation in late 2014. The aim is to open up City Oval and enable the community to enjoy this open space.

These works were previously paused until after the completion of the recent grandstand works.

A key element of the proposed designs is better access for all visitors to City Oval and surrounds.

What's included in the designs?

- New ramps, stairs and paths
- Extended wheelchair access to and from the eastern end of the new grandstand concourse
- New wheelchair access to the DDA-compliant toilet cubicle
- Access to elevated seating areas
- Community access to existing DDA-compliant toilet for daytime use
- A pedestrian gate from Bridges Reserve
- More garden beds and tree planting for shade

Timeline

Community consultation

Feb – Mar 2023

Finalise plans and appoint contractor

Mar – June 2023

Construction period

Jul – Oct 2023

City Oval Re-opening

Late October 2023

Review proposed designs
