

Construction Flyer 9, October 2026

Working hours: 7am to 6pm Monday to Friday and 9am to 1pm on Saturdays where required. Hours may vary to enable shop access where required.

Full service road closure Monday morning 5/10/26 and Wednesday 7/10/26 to Friday 9/10/26

Learn More

- **Works are progressing as scheduled and due to be complete in the first week of December** in line with the original 11 month program. This is subject to weather but we understand the importance of the December shopping period and every effort will be made to finish on time.
- **The southern portion of the service road will be closed on Monday 5/10/26 for a half day in the morning and then from Wednesday 7 to Friday 9 October** to undertake asphaltting the road and line markings subject to weather. Sections may be open if possible but plan for closure.

Why aren't the parking bays bigger

Parking Bay Line Markings
Parking bay line markings have generally been replaced as existing. This means some bays are small, but this means more parking spots can be retained.

Whats happening with the footpaths?

West Street overall footpath has been designed with feature paving and concrete areas at key points such as around corners and crossing as per the concept plans, with the remaining being asphalt material. Due to complexities with the underground conditions, and in response to ongoing concerns from the community and businesses about disruption, we are taking a lighter-touch approach to refreshing the asphalt footpaths. This approach means less noise and access restrictions and allows the project to be completed by December as planned.

The project will still be delivered in line with the Final December 2025 plan (found here <https://conversations.merri-bek.vic.gov.au/west-street-shops> or QR code to the right).
