

10-year Asset Plan

The Local Government Act 2020 is a Victorian law that guides how councils develop their 10-year Financial and Asset Plan.

Our updated Community Vision and Council Plan forms a foundation for Merri-bek's 10-year Financial Plan, and 10-year Asset Plan. These strategic plans reflect the community's long-term hopes for Merri-bek.

10-year Asset Plan

Assets are the things we all share and use around Merri-bek—like parks, footpaths, libraries, buildings, roads, and playgrounds. Some are old and full of history, and some are new. All the things that belong to all of us that help make life better and richer for each of us.

This Plan informs how we will care for and manage these public assets over the next 10 years and beyond, so they last for future generations.

Key areas:

- 1. Our assets support community needs**
Our assets help us deliver important Council services and create enjoyable, useful spaces for everyone. They support the social and economic wellbeing of our community.
- 2. Creating spaces for everyone**
We're designing public spaces, buildings and infrastructure to be safe, accessible and inclusive for people of all genders, cultures and abilities.
- 3. Looking after what we have**
We take a long-term view when we assess the condition of our assets. This helps us:
 - Keep them in good shape
 - Continue delivering services
 - Reduce future costs for the community
- 4. Planning for the future**
We know we have to balance what our community needs and wants with what is affordable for ratepayers.
- 5. Always improving**
Asset planning isn't something we do once and forget. We review and update our plans to respond to:
 - Changes in population and community needs
 - Climate change and environmental challenges
