FINAL CONCEPT PLAN

Council is completing the remaining play units in the new playspace at Sewell Reserve, Glenroy.

You can review this plan on: **https://conversations.merri-bek.vic.gov.au/sewell-reserve-glenroy**

Remaining play units:

After difficulties resolving detailed design for the remaining play items in Sewell Reserve (custom play elements), we will be installing other play items in their place.

The senior play unit will be an airplane themed unit to keep with the original theme, the junior play item a climbing unit.

In January 2026 we will complete the junior play unit, open most of the new playspace and demolish the existing playspace.
By April 2026 we will complete the senior play unit which will finish this park upgrade.

Example images

A

Airline themed play unit allowing imaginative play and climbing both over and inside. Slides provided along back of airline. Offers elements for both younger and older children.

B

Junior challenging climbing unit.
