

Design Inspiration:

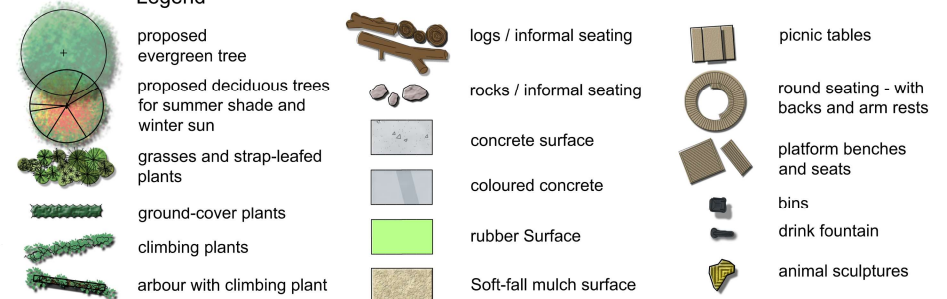

Our park design was inspired by the Common Blue-tongued Lizard. Blue-tongues can be found in virtually all habitats across Australia. In Victoria, they inhabit a wide variety of ecosystems from coastal heathland, lowlands and mountain forests to interior plains and are common in urban areas! They feed on a variety of insects, beetles, snails, wildflowers, fruits and berries. When Blue-tongues feel threatened they stick out their blue tongue to frighten predators!

Proposed Park Upgrades Include:

1. Toilet - Single composting toilet with treated waste to irrigate the lawn area.
2. Water play pump with raised, accessible water play channels and shaded direction change paddles.
3. Wheelchair accessible double plat BBQ
4. Communal picnic tables
5. Chess table
6. Communal seating arrangements
7. Drink Fountain, tap and water bottle refill.
8. Drink fountain with dog bowl
9. Bicycle Parking
10. Large adventure, multi-play, platform structure with in-built roofs for shade, monkey bars, slides, bridge between platforms, activity panels and rope climbing.
11. Junior play area with shade sail above
12. 360 degree pendulum basket swing accessible for wheelchairs and all ages and abilities.
13. Climbing log stack/seating
14. Accessible Carousel
15. New double swing set with parent /toddler swing
16. See-saw
17. New Large Shelter/s
18. Rubbish bins
19. Street Library
20. Timber animal sculptures.
21. New park signage
22. Maintenance vehicle access gate
23. Screen planting along western and southern boundaries.
24. Large grassed area for kick-about, picnics and relaxing in the sunshine or shade!
